Health Service Executive Cross-Border Healthcare Directive: Pro-Forma Invoice

The HSE operates a Cross-Border Healthcare Directive (CBD), for persons entitled to public patient treatment in Ireland who is seeking to avail of that treatment in another EU/EEA member state under Directive 201/24/EU of the European Parliament and of the Council of 9 March 2011 on the application of patient's rights in cross-border healthcare, as per the procedures set out in governing EU Regulations and Directives and Irish legislation.

A copy of these Regulations and Decisions, and all other aspects of European Law are available on the website for inspection at <http://europa.eu>. Within these governing EU Regulations and Irish legislation, the CBD provides for the cost of publicly funded healthcare in Ireland to be availed of and the costs to be reimbursed subject to compliance with the applicable administration processes adopted by the HSE in the administration of the CBD. Patients should familiarize themselves with the administration requirements of the HSE prior to availing of cross border healthcare in order to confirm entitlement or otherwise to reimbursement of treatment costs. The HSE has established a National Contact Point (NCP) office for the administration of the CBD in Ireland and the contact details for the NCP are: HSE Cross Border Directive – National Contact Point, St Canice's Hospital Complex, Dublin Road, Kilkenny, Ireland, Tel: 056 7784547 or 056 7784546 or 056 7784556 Email: crossborderdirective@hse.ie

Webpage: <http://www.hse.ie/crossborderdirective>

The CBD allows people normally resident in Ireland and who require public healthcare services to be referred to and avail of such healthcare in another EU/EEA member state. It will be a matter for the patient and his/her referring doctor to identify the clinician abroad and satisfy him/herself in relation to the qualifications, quality and safety of the services being availed of in the other jurisdiction. Each country within the EU/EEA have established NCPs and information relating to services in each country may be accessed through these NCPs. Details of the NCPs in Europe are available on <http://europa.eu>. Funding will only be reimbursed for healthcare that is publicly funded and available in Ireland and which is not contrary to Irish legislation. Reimbursement will be at the cost of the treatment availed of abroad or the cost of providing the healthcare in Ireland which ever is the lesser. Please note that in the case of inpatient care abroad the HSE will deduct €75, to a maximum of €750, per night from the total to be reimbursed being the overnight charge for inpatient care in Ireland (except where that maximum has already been reached within the preceding 12 months in Ireland or the patient holds a valid medical card). Healthcare in Ireland is funded through general taxation so the cost of the provision of the care is that funded through general taxation plus the statutory payment the patient would have made here in Ireland.

Payments will only be made to the patient or in the case of a child his/her parent or guardian. No payments will be made to third parties. In the case of a patient's death, reimbursement of the healthcare costs will be subject to the executor of the estate providing evidence of the outstanding liability.

The invoice and receipt submitted for reimbursement must be from the providing hospital/consultant abroad and must only include the cost of the medical treatment provided. The HSE will not reimburse an invoice from a third party e.g. a medical tourism facilitator. If you use one of these companies to organise your trip abroad for the necessary healthcare you should be aware that all fees associated with their services are not eligible for reimbursement by the HSE.

Prior authorisation will be required for:

- all hospital care involving overnight accommodation,

* Reimbursement will be at the cost of the treatment you availed of abroad or the cost of providing the healthcare in Ireland whichever is the lesser. Please note that in the case of inpatient care abroad the HSE will deduct €75 per night, to a maximum of €750, from the total to be reimbursed being the overnight charge for inpatient care in Ireland, except in circumstances where that limit has already been reached by the patient in Ireland or is a medical card holder. Healthcare in Ireland is funded through general taxation so the cost of the provision of the care is that funded through general taxation plus the inpatient levy that would have charged here in Ireland.
